THE LEAGUE OF HUMANE VOTERS®
of New Jersey
POLITICAL ACTION FOR ANIMALS

We, the undersigned, urge the Edgewater Town Council to use effective nonlethal Canada Geese Conflict Resolution methods. Since 2013, Edgewater has contracted with USDA's notorious Wildlife Services to employ nest and egg destruction and to capture, gas, and kill Canada geese. None of these actions has solved Edgewater's Canada geese problem. The current contract should be broken; a comprehensive nonlethal program entailing competent habitation modification and complementary solutions should be put into place immediately.
